EXCLUDER

TRAIT PACKAGES: Roundup Ready 2 Xtend®

ARMOR 69-D97	
Trait	RR2X
CHARACTERISTICS	
Maturity	6.9
Plant Type	Determinate
Plant Height	Tall
Lodging	Moderate
Shatter	Resistant
Flower Color	White
Hilum Color	Black
Pubescence	Tawny
Pod Color	Brown
Seed Size	—
DISEASE RATINGS	
Phytophthora	M. Resistant
Phytophthora Gene	NG
Sudden Death	Moderate
Frogeye Leaf Spot	Resistant
Stem Canker	Resistant
Cyst Nematode	R1, R3
Southern RKN	Resistant
Brown Stem Rot	—
Iron Chlorosis	—
White Mold	—
RESPONSE RATINGS	
Chloride Tolerance	Excluder

Soybean Rating System: There are many ways to evaluate diseases, agronomic characteristics, etc. Since many of these ratings are subjective, an explanation is listed here: **Resistant** implies no or very slight disease presence when conditions are favorable for development. **Moderately Resistant (M. Resistant)** implies slight disease presence when conditions are favorable for development. **Moderate** implies some disease presence when conditions are favorable for development. **Moderately Susceptible (M. Susceptible)** implies significant disease presence when conditions are favorable for development. **Susceptible** implies very significant disease presence when conditions are favorable for development.

These are general recommendations based on data taken from breeder, university, company trials and producer field observations and do not constitute a warranty of fitness or guarantee of performance for a particular use. • Double cropping Maturity Group IVs can be extremely risky without adequate irrigation and proper variety selection. • **Upright** implies a narrow canopy with very little branching. Intermediate implies a wider canopy with some branching. **Bushy** implies a wide canopy. **Imp. Black** = Imperfect Black. **NG** = No Gene. — = Not Available. **RR2X** = Roundup Ready 2 Xtend®. **RR2Y** = Roundup Ready 2 Yield®. **LL** = LibertyLink®. **GT** = Glyphosate Tolerant. **CONV** = Conventional.

Unauthorized propagation, seed multiplication, and/or sale, offering for sale, exchange, delivery, transfer, import, or export of seed of this variety is prohibited. Violators of the U.S. Plant Variety Protection ACT (PVPA) will be subject to proceedings under federal and state law and may be liable for money damages. Seed of varieties protected or applied for under 1994 amendments to the PVPA cannot be sold for reproductive purposes without permission from the owner of this variety.

Ratings are general. Soil and environment may adversely affect performance.
